The Competitive Edge Hockey School uses all of the same drills and exercises that I use today in my training.

There are not many camps in the country that will give you the personal attention of such great players."

-2009 AHL All Star MVP, Jarad Ross

Now in its 4th year, the Competitive Edge Hockey School has developed to become one of the premier readiness camps. Emphasis is on skating skills necessary for success in hockey today. The staff here consists of current NHL and AHL players, who have a wide variety of knowledge and experience for the game. As a participant at this one-of-a-kind camp, you will perform exercises and drills no one else has first hand to! These drills are challenging enough to pass by any opponent on the ice!

Peter Zingoni

Peter just recently finished up his sixth professional season with the Minnesota Wild's AHL affiliate the Houston Aeros.

Originally drafted by the Columbus Blue Jackets in the 2000 Entry Level Draft, Peter has emerged as one of the premier two-way players in the AHL in the past seasons while signing contracts with the Tampa Bay Lightning and **Philadelphia Flyers**.

He now spends his off-season focusing on his hockey camps where he helps youngsters develop their skills and turn them into the best players they can be!

The **COMPETITIVE EDGE HOCKEY SCHOOL** offers you an experience no other camp can this summer! You will have an opportunity to meet, interact, and learn the game of hockey under the instruction of a **PROFESSIONAL PLAYER** from the AHL.

You will learn to enjoy the game more with a variety of challenging and exciting drills that will be applied to hypothetical game situations.

We look forward to the opportunity of making you a better player while keeping it all fun!
